

Annual Report

July 2021 — June 2022

feeding healthy futures

Feed My People Food Bank (FMP) moved to create and support sustainable programming and food procurement to strengthen long-term hunger relief.

- **Phased out of the emergency distribution model** spurred on by the COVID-19 pandemic into a sustainable year-round pop-up distribution program serving the needs of Eau Claire and rural communities where needed most.
- **Sought increased partnerships with other food banks and food suppliers** across the nation due to a struggling supply chain and the effect of inflation. FMP also collaborated with Partnership for a Healthier America to use strategies to maintain inventory, especially fresh food such as produce and meat.
- **Continued to expand outreach with school districts** to move from limited models of weekend food to a school pantry model serving students and families, providing choice and expanding healthy options.
- **Initiated plans to build a “Hunger Action Center” addition** to the building to improve programming space and provide flexibility for future emergency needs.
- **Celebrated the 40th anniversary of Feed My People**, which was founded in 1982.

FMP remains committed to serving children, families, and seniors experiencing food insecurity in west central Wisconsin.

61,578

UNIQUE INDIVIDUALS

Representing those in need in 14 west central Wisconsin counties.
